

Letter, Anna J. Davis to Emily Bissell, July 18, 1908

[p. 1]

Portland Maine  
104 Emory Street  
West End Station

Dear Miss Bissell,

Your letter with stamps reached me here, and I enclose receipt with this—which I regret to say I had quite forgotten to do for some days.

The Maine State Tuberculosis Society seems to be doing great things.

The Sanitarium at Hebron is effecting cures, and the number of deaths

[p. 2]

throughout the state is greatly decreased within a few years.

I visited a “Tuberculosis Class” yesterday, and saw some interesting pictures which are being prepared for the Maine State Exhibit in Washington next fall.

My friend, whom I am visiting, is greatly interested in our work, being the only woman on the Board of Directors of the Maine State Tuberculosis Society.

Wishing you a very happy vacation, I am very cordially yours

A. J. Davis
