Dr. A. Robin

Dear friend

Since our Conference at the Charity House regarding Dispensary rental² + it was decided to increase the same \$2.— monthly (thinking it was already \$16.)—I find from our Treas³ that it was \$15.—

Also <insertion: since then> two bills not taken into calculation originally— [...] for white <insertion: enamel> painting of closets, doors, windows etc. + plumbing bill

of placing stationary stand in back room both of which have amounted to about \$100. This making additional expense to the Charities—I have reported to these⁵ members of our Ex. Car.⁶ and the sentiment is that \$20 <insertion: monthly>— with janitor services is not too much to ask from Dispensary Car.⁷

form me what you feel can be done.

It's surprising how much even small alterations or repairs will cost. One painting bill was \$60.— about \$50. of it being just the special closet fittings + plumbing about the rest.

Accept my regards and congratulations both to Mrs. Robin + yourself. Happy to hear “mother and child are doing well.”
