Miss Emily P. Bissell,  
President of Delaware Anti-Tuberculosis Society:—

Dear Madam:—

Having read your communication concerning sale of flags for benefit of Hope Farm in reply will say it having been learned that

[p. 2]

privilege of said farm will not be extended to members of colored race, solicitation of contributions for that institution would be misplaced. If I am—if we have been misinformed kindly state the fact and I will do all in my

power to further the admirable work of the society.

Very truly yours,

Mary Hayes Stevens.
